

Nurturing Little Explorers

Welcome to **The Montessori Playhouse**, a warm and nurturing environment where children learn, grow, and explore through curiosity and joy.

Inspired by the Montessori approach, we value each child's individuality and pace of learning.

Our hands-on, theme-based program encourages creativity, independence, and confidence.

We prepare children for both French and international school curriculums, offering the best of both worlds.

Admissions

We welcome new students in August and January each year.

Class Size

Small groups ensure personalised attention and a caring connection between teachers and each child.
